

While Poinciana’s plea for Lynx Bus connection between Poinciana and the new Poinciana SunRail station continues to fall on deaf ears, the UBER and Lyft ride sharing services offer possibilities

Both offer door to door service for Poinciana/Solivita residents to/from the new station

While the price per ride is more expensive than public transit, the price per passenger when more than 3 passengers ride is quite reasonable

Sample Pricing to/from SunRail

	Solivita Freedom Park	Walmart Bus Depot
 	\$15	\$12

The prices shown above are per ride regardless of the number of passengers. These rides are available on call as opposed to per a defined schedule. For two or more passengers they are quite competitive.
