Subject: **Public Information Meeting – January 18, 2023**  
County Road 532/Osceola Polk Line Road Capacity Improvements Design Project  
CFX Project Number: 538-235A

Dear Property Owner/Stakeholder:

In August 2021, the Central Florida Expressway Authority, in partnership with Osceola County, began design of the proposed capacity improvements of County Road 532/Osceola Polk Line Road from Lake Wilson Road to US 17/92. This is being done in conjunction with the planned extension of Poinciana Parkway from its northern end at Ronald Reagan Parkway to CR 532 in Osceola County. The proposed 3-mile project would improve roadway connections between the extension of Poinciana Parkway and I-4 via CR 532/Osceola Polk Line Road.

As part of the design of this project, a public information meeting is being held both in-person and virtually on **Wednesday, January 18, 2023**. Please see below for details on how to participate:
